Stay

- You must bring your own bathroom towels.
- The spices and supplies in the kitchen are from your previous tenants and were intentionally left there by us. They are at your disposal.
- Please place the ski boots on the special rack under the stairs.

Heating

The heating is on. If a radiator is not switched on, the on/off-switch is on the side. The heating works with a thermostat, i.e. when it is warm enough, the radiators switch off automatically.

Please do not put clothing on the radiators – risk of fire!

Child safety lock for the oven

The oven has a child safety lock. If the oven does not switch on, press the button marked with a little “hand”.

Two-switched hotplate

The hotplate at the top right has two heating rings. To switch on the 2nd ring, turn the switch past the stop and let it spring back again.

Cleaning of melted cheese

Soak anything that has melted cheese sticking to it (cheese pans, etc.) in COLD water for about 1 hour (warm water makes the cheese sticky). The cheese can then be easily removed. Do not scratch the cheese pans with metal!

Garbage / waste

On Bettmeralp, paper, cardboard, glass, PET, aluminum cans and tins are disposed of separately. Please dispose of all other materials such as plastic etc. in the orange garbage bags. More orange garbage bags can be purchased in the stores.

When leaving the Chalet, please

- Remove used bed linen.
- Close the tilting windows in the bathroom/WC tightly.
- Take garbage bags to the garbage disposal.
- Leave the apartment by **9 a.m. at the latest**.
- Please lock the key back in the key deposit.
